2013 is the year, in which EKOTOI celebrated its twelfth birthday. The number 12 often has a negative tint, but it also embodies unsuspected symbolism: 12 are the Olympian gods, 12 are Christ's apostles, there are 12 months in a calendar year. In 2013 EKOTOI proved again to be a leading company in Bulgaria in the renting, sale and service of mobile chemical toilets, mobile sanitary equipment, mobile fences, permanent fences and gates, power generators.

During the dynamic year 2013 EKOTOI was a part of the largest and most popular events of the year, as the Open European Biathlon Championship in Bansko, World Golf Cup near Cape Kaliakra, BATA Agro exhibition, the concerts of Depeche Mode, Bon Jovi, Deep Purple, Roger Waters, the festivals Spirit of Burgas, Solar Summer, Garden Fest, Sozopol Fest and many, many others.

In the past year the company sponsored a number of small and big events.

EKOTOI participates actively in the conduct of various events (concerts, sports events, trade shows, seminars, etc.). The company offers everything needed for the equipment of temporary construction sites, field facilities, summer and winter sites without a sewer connection.

The high-quality and reliable fixed fences and gates, manufactured by the Dutch company Heras, take their place in the broad product range.

In 2013 Innovations have always been a priority for EKOTOI. In 2013 the product assortment increased with two modern additions – brand new luxurious sanitary containers VIP Premium Line and toilet cubicles DIXI+.

At the end of the year the company purchased its first base.

Here is more about the activities of EKOTOI in 2013:
EKOTOI is a company, supporting innovations, and every year it introduces high-quality products, setting new standards in business.

Luxurious sanitary containers VIP Premium Line have been developed for the most refined taste of world-famous stars, such as the actors Sylvester Stallone, Wesley Snipes, Jason Statham, the performers Selah Sue, Bon Jovi and Depeche Mode.

In the beginning of 2013 EKOTOI was awarded a certificate, proving that the company meets the stringent criteria of the Dutch company Heras for competence regarding the products and quality of installation, professional qualifications, training and guarantees. Heras is the largest European company for fences and perimeter security, and EKOTOI is its official representative for Bulgaria.

In February the leading construction company "Transstroy Varna" Plc issued a reference to EKOTOI as a proof of good collaboration.

The spacious interior offers maximum freedom of movement. The lights, integrated in the ceiling, with halogen lights and discrete background music, highlight the stylish atmosphere.

Municipality of Varna, "Sports for all" Operational Programme and municipality of Shabla also gave a positive assessment of their joint work with the company.
The new mobile toilet DIXI+ is another innovation, introduced by EKOTOI in 2013. The cubicle is a more modern version of the chemical toilet DIXI, which has now been used for over 30 years both on construction sites and for small and big events. Made of durable plastic, DIXI+ can be used in any place without a sewer connection, ensuring stability and resilience.

**ADVANTAGES OF DIXI+**
- Significantly greater interior space.
- New modern design, providing advertising space.
- Greater convenience for users, thanks to the ergonomic design.

**FURNITURE FOR RENT AND SALE**

In the beginning of 2013 EKOTOI and Hartnagel Handles GmbH started working together. The German company, manufacturer of high-quality furniture, was formed in 1977. It is leading in Europe and for already more than 35 years manufactures furniture from both wood and metal. Over 1 million containers with the products of Hartnagel have been furnished so far, thanks to its cooperation with a number of partners from Europe.

EKOTOI is the official representative of Hartnagel in Bulgaria. You can rent or purchase products from the wide range of furniture (desks, drawers, cabinets, benches and many other kinds of furniture), suitable for furnishing and equipment of your containers, offices, locker rooms and living rooms.
From February 18th to February 26th, 2013 the town of Bansko hosted the Open European Biathlon Championships. A sanitary VIP trailer, delivered by EKOTOI, was placed on Banderitza stadium. The company also took care of the quality service of mobile chemical toilets, located on the field.

The VIP sanitary trailer embodies luxury on wheels, combining comfort and innovative technology. It has been built with a water-saving system, simultaneously taking care of your finances and the environment.

Almost 400 athletes from 35 countries took part in the race. Bulgaria took part with a full quota of athletes - a total of 24 - 12 men and 12 women.

A total of 14 sets of medals were distributed during the race. The biathlon athletes competed in five disciplines: individual, sprint, pursuit, mixed relay-race and relay-race. Krasi Anev won a bronze medal for Bulgaria in the individual discipline 20 km for men.
A children’s fishing competition was held on May 19th near a lake in the forest park Lipnik, town of Ruse. EKOTOI was sponsor of the event and received a diploma for it. The event aimed to celebrate the Day of the Victory and the Day of Europe, as well as to promote sports fishing among children, their adoption of the idea to preserve forests and water of Bulgaria clean and to encourage them to be in the open air as often as possible.

**HONORARY DIPLOMAS AND RECOMMENDATIONS**

Municipality of Silistra, which the company has been working with for four years, proclaimed EKOTOI to be a reliable and professionally working company, in accordance with existing regulations and European requirements in the field of renting and servicing of chemical toilets and facilities.

**EVENTS**

Within just one week EKOTOI company was in the centre of the most popular events in the month of May. The first one of them took place on the Elections day - May 12th, when about 30 000 people headed to Lokomotiv stadium to enjoy their favourite British trio **Depeche Mode**.

After nearly seven years Bulgarian fans had the opportunity to see Dave Gahan, Martin Gore and Andy Fletcher live again. The concert was part of the tour, during which one of the most successful bands in history presented its latest thirteenth studio album "Delta Machine", which was released in the spring as a continuation of "Sounds of the Universe" of 2009.
Besides the standard cubicles Toi Fresh and DIXI, EKOTOI presented a specialized toilet cubicle Toi Cap, equipped for disadvantaged people, as well as the most luxurious mobile cabin in the world High Tech II. A VIP trailer and a shower container were available to the British stars.

A four-gate facility, a necessity for any large event, took care of the easier access to the stadium.

The fourth edition of the Balkans’ largest exhibition for agricultural machinery, **BATA AGRO 2013**, was launched only a day later, on May 13th. Toilet cubicles Toi Fresh and Toi Flush, as well as mobile field sinks Duo, were provided for the visitors, while the “Crowd control” fence type shaped the area of the exhibition.

The five-day event was held at Stara Zagora airport, featuring 193 exhibitors, accommodated on 41 129 sq. m. The slogan of the event “Even bigger and more modern” was fully synchronous with the importance of this international agricultural forum, where the four-gate facility was present again, along with electricity generators, provided by EKOTOI.

For all the visitors EKOTOI provided toilet cubicles Toi Fresh and Toi Flush as well as mobile field washbasins Duo while mobile fence "crowd" type, helped securing the area of the exhibition.
On May 14th people from across the country gathered at Vasil Levski National Stadium to attend the highly anticipated concert of **Bon Jovi** in Sofia. Without any doubt the new stage design of the band caused furore among the nearly 50,000-people audience, which had the honour to be first to see the giant car-stage. The band from New Jersey started the European part of its tour in Sofia and that’s why they named the moving retro car in the name of the Bulgarian capital.

Moving around of the numerous audience at the event, organized by Balkan Entertainment, was facilitated by the four-gate facilities, mobile lattice fences “M200” and “crowd” type; as well as by a mobile solid fence "City Fence" type.

The rented office containers and VIP trailer were equipped with clean water tanks and furniture, provided by the German company Hartnagel Handles GmbH. The peace and comfort of Bon Jovi fans were guaranteed by the standard toilets cubicles Toi Fresh and DIXI, as well as by the specialized toilet cubicle Toi Cap.

The first tournament of such a rank, organized in Eastern Europe, used the wide range of EKOTOI’s containers – storage and office, cashbox-type, sanitary WC containers, as well as a luxurious sanitary VIP container, presented for the first time in Bulgaria to ensure the high standard of events of this calibre. The luxurious toilet cubicles Toi Flush and VIP toilet cubicles High Tech II also contributed to the elegant image of the event.

Bulgaria was the host of the **World Golf Cup** from May 16th to May 19th for the first time. Thracian Rocks complex near Cape Kaliakra was the location of the 48th edition of the prestigious international race, during which 24 of the best players in the world showed their skills.

On June 3rd the legendary band Deep Purple had a concert in Plovdiv. Standard toilet cubicles Toi Fresh and DIXI, as well as sanitary trailer LUX were placed at Plovdiv "Canaries" stadium, which ensured the comfort of the over 10,000-people audience. Office containers and furniture of German quality, produced by Hartnagel, were available to the organizers and the band, having sold over 100 million albums around the world.
EKOTOI RENOVATED THE BUNKER IN BURGAS

EKOTOI provided an electric power generator GEKO and standard toilet cubicles DIXI for the 35-day tour The Voice of Summer. The tour went through eight towns and managed to make the fans of Grafa, Upsurt, Krisko, Mihaela Fileva, Billy Hlapeto, Ventzy, DJ Doncho, Lexus, Rafi and Nova ballet happy, yet completely free of charge.

Even though on a smaller scale, Sozopol Fest came back in full force after its two-year success. The event was held on July 5th and 6th, as the fans of house, soul and funk music enjoyed breathtaking sunrises and the lovely atmosphere of La Mouche bar, Zlatna Ribka camping site.

The new vision of the facility has been designed by the main artist of the municipality Nikolay Dubarov, while EKOTOI took up its renovation and maintenance with the idea to make the town smile. The left side of the Bunker pictures the sad face of the clown, while the right side shows his smiling half. Regardless of which side of the former military facility you are looking at, one thing is for sure – it can now awaken the good mood.

This year EKOTOI took care of the comfort and convenience of guests of the beach festival again. They were provided with toilet cubicles DIXI, mobile lattice fences “M200” type, crowd control fence type, as well as a container “guard booth” type.

The company completely renewed the old military bunker, built in 1943 by the German troops as a protective facility from a possible Soviet attack. Today the Bunker is a reason to smile for the people of Burgas and its guests. They have the opportunity to both enjoy the panoramic views to the sea from its balcony and enjoy the colours of the two faces of the clown, painted on the building’s walls.
EKOTOI provided mobile chemical toilets Toi Fresh, office containers, as well as mobile fences "M200" and "crowd" type for the fourth edition of the festival Sofia Rocks, which was held on July 26th at Vasil Levski National Stadium.

Unlike its 3-day "predecessors", Spirit of Burgas 2013 took place within one weekend (July 27th and 28th), as the guests of the largest Bulgarian festival had the pleasure to hear their favourite artists on three stages – the main stage, which turned into Solar stage in the early morning hours, Jack Daniel’s rock stage and the Freestyle stage "In the dark".

Nearly a week before the event was held company EKOTOI took care of providing chemical toilets, fences, clean and waste water tanks, containers, as well as furniture for them. Standard toilet cubicles Toi Fresh, specialized toilet cubicles Toi Cap, mobile urinals with four slots DIXI Kros and mobile field washbasins Duo were installed for the convenience of the guests of the festival town on the Central Beach.

A luxurious sanitary container VIP Premium Line, sanitary containers for males/females, a storage container and office containers for the producers of the festival were delivered in the backstage area. A "Cashbox" type container was placed near the four points of admission, provided by EKOTOI again.
The biggest electronic music event in Bulgaria started on July 26th and lasted for five consecutive weekends. A stage was specially constructed on club Cacao Beach, Sunny Beach, in the shape of a kite surf wing. It welcomed over 20 world-famous artists, who made Solar Summer Festival 2013 an incredible experience.

EKOTOI took care of the convenience and safety of all attendees. Standard toilet cubicles Toi Fresh and DIXI, additionally illuminated by a lights cable, were provided for them. DUO field washbasins were available too and a VIP toilet cubicle High Tech II was installed especially for the stars of the event. The mobile "crowd" type and "M200" fences helped securing the area of the festival.

The area of the festival was formed by a mobile fence "crowd" type and a mobile lattice fence "M200" type, as well as by means of a mobile solid fence "City Fence" type. Mobile toilet cabins Toi Fresh were installed for the convenience of the visitors; tickets for the event could be bought at the "Cashbox" type container, located in close proximity to the host of Gradina Fest - Sentosa Beach Bar.

The shooting of the third part of the Hollywood action film "The Expendables 3" started in August. Chemical toilets Toi Flush, field sinks Duo and a VIP sanitary trailer were delivered for this purpose by Varna shipyard "Bilyard". Office containers were available for the film crew for the successful conduct of filming; the storage containers and water tanks were blown up during the shots. The third part of the action film promises to very exciting. The movie will be on the big screen in August.
The busy preparations for the smooth running of the biggest rock show in the world – “The Wall” started a week before the concert. As an integral part of the organization of large-scale events, EKOTOI again took care of the convenience and safety of several generations of fans.

Mobile fences "crowd control" and "M200" types, as well as the mobile solid fence "City Fence" were installed at Vasil Levski National Stadium; chemical toilet cubicles Toi Fresh were installed for the convenience of rock music fans.

EKOTOI - Main sponsor of the Standard Sport Dancing World Cup

Bulgaria hosted the Standard Sport Dancing World Cup for the first time, it was held together with 28th International Tournament in Sports Dances "Burgas Cup" 2013 on August 31st and September 1st.

Coca-Cola Happy Energy Tour party, which never ends, roared for the fourth consecutive year throughout six Bulgarian towns: Veliko Tarnovo, Ruse, Varna, Burgas, Plovdiv and Sofia. For the convenience of the enthusiastic music lovers EKOTOI provided again standard eco toilets Toi Fresh, and for their safety - mobile fences, "crowd" type, and mobile lattice fences "M200", as well as a solid mobile fence "City Fence".

The five-day meditation course with Lama Ole Nydahl was held in Vinitsa Retreat Centre at the end of August. EKOTOI provided additional electric power by a 150 kW power generator for the conduct of the event; fresh and waste water tanks, as well as fuel tanks, were indispensable for the event. As the undisputed leader in the renting of mobile sanitary equipment, the company took care of the convenience of over 1200 people, attending the course. Luxurious toilet cubicles Hi-Tech II and sanitary shower and WC containers, as well as storage containers, were delivered for them.

After the Latin-American Sport Dancing World Cup, held in Burgas in 1991, now, with the aid of the organizers Dance Sport Club "Burgas 1975", municipality of Burgas and the Bulgarian Dance Sport Federation, the Black Sea town became the capital of the exquisite dancing art. This year again the event took place with the support of EKOTOI and traditionally under the patronage of the mayor of the town - Dimitar Nikolov.
The first passenger port in Burgas was officially opened on October 4th. The building of the Passenger Sea Port of the town of Burgas began in March, as part of the large-scale project "Super Burgas - public access area". An area of 2 700 sq. m. was built up, and another terminal for the administration will be built by the beginning of the summer season in 2014. The building is located along the length of the quay 18 m from the sea and consists of three modules.

The opening of a total of 6 entrances and exits to the Sea Park has been planned and the station itself will be connected with the rest of the area of the terminal by a newly built street.

The first cruise ship "Celebrity Constellation" arrived from Istanbul a day after the opening. 2000 passengers and 1500 crew members came down from it; the annual capacity of the station is about 100 000 people. EKOTOI provided a mobile "crowd control" fence and a mobile lattice fence "M200" for everybody's safe and secure moving.
**COMPANY TRAINING**

Company EKOTOI is certified under BDS EN ISO 9001:2008 standard, which proves its capacity to provide a service of consistently high quality, satisfying clients’ and legal requirements. The effective implementation and continuous improvement of the quality management system (QMS) aims at enhancing clients’ satisfaction and the company’s stability on the market.

Team building of the employees once a year has been planned among company’s objectives. The purpose of these trainings is to make employees aware that the activities of everyone of them contribute to the image of the company and the implementation of quality objectives.

The 2013 seminar was held at Pomorie Grand Hotel, where the team from the five offices throughout the country had the opportunity to discuss the commercial process and the products, provided by the company. An emphasis was also placed on the quality of the service during major events, which often lack a sufficient number of rented mobile toilets. The training motivates EKOTOI’s employees to work even harder.

**WORLD TOILET DAY**

November 2013

**World Toilet Day**

November 19th is the World Toilet Day. It has been celebrated since 2002 in accordance with a decision, taken at the First International Conference of the World Organization of Toilets in Singapore. The day has been initiated to urge governments to take timely action to fight problems, accompanying lack of normal hygienic conditions, as well as to disseminate information among the biggest audience possible.

2013 is the year, in which the UN acknowledged November 19th as the official World Toilet Day. It is an important day in our calendar, because it directs our attention to serious global problems - the lack of clean water and normal sanitary and hygienic conditions, which entail diseases and infections, causing death of thousands of people worldwide, contaminate the environment and last but not least deprive people of their dignity and equality.

Since 1992 ST. NICHOLAS’ DAY has been celebrated as the day of Burgas. As part of the festive atmosphere a 8-meter graffiti wall was specially installed next to the building of the municipality, which was painted by the creative boys from Me Click. EKOTOI provided a mobile lattice fence "M200", which young people used for their unique work on the topic of fishing. Mobile fences "crowd control" type were placed on three locations to facilitate the access of the guests and residents of the town, whom fish soup was prepared for.
HARMANLI REFUGEE CAMP

In the beginning of December 30 chemical toilets, 2 of which were donated by EKOTOI, were installed at the Centre for temporary accommodation of foreigners in Harmanli. Provision of clean water and proper sanitary and hygienic conditions are of great importance for the health, dignity and even survival of people in refugee camps. EKOTOI has the full capability to respond in situations of crises, as well as to build a temporary field camp from scratch by providing everything necessary for rent or sale.

EKOTOI HAS A NEW BASE

The company purchased its first base. It is located in Sofia and is absolutely complete. It is situated on an area of 6.5 decares and is a kind of a Christmas present for the company, because it will both provide a separate hall and a service centre for the cars and offices for administrative staff.

Stefan Petrov, General Manager of EKOTOI, revealed that the purchase of 4 new cesspoolage truck tanks for carrying out service activities has been planned in the budget for 2014.

LET 2014 BRING EVEN MORE HEALTH AND SUCCESS!
